Mysterian is inspired by the following story which has influenced the performance of the magic in this production.

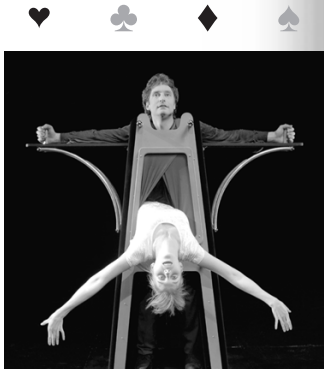

While experimenting with the illusory nature of time, magician Steffan Soule and his friends Henry and Mariah accidentally break through to the year 2049. They find a society without wonder and imagination. To maintain control, a power-possessing ruler known as Hasnamar has eliminated all fun, play and magic from the ordinary existence of people.

From a secret group of Mysterians - people working to keep the world magical - comes a sage named Tovori who is struggling to end Hasnamar's reign. Steffan and his friends discover the mysterious face of Tovori floating in space between dimensions. Tovori speaks of magic and the need for Mysterians to join forces to overthrow Hasnamar, but he disappears before Steffan can learn the secret of his identity.

Steffan, Henry and Mariah re-emerge with the wish to help Tovori. By performing magic, Steffan hopes to insure that wonder and imagination will never be forgotten. But hope is not enough. Only Tovori can guide Steffan to help him become a Mysterian.
