We Can Make Them Shine

III

My feelings tell me
 There are precious stones
 Awaiting away up in the sky
 My feelings tell me
 There are precious stones
 Awaiting away up in the sky

All we need to do
 Is together start to
 Clean-off the darkness
 Hiding them from us
 And we can make them shine
 We can make them shine
 La la la, la la la
 La la la

The precious stones
 Could brighten up our world
 And our eyes
 The precious stones
 Could brighten up our world
 And our eyes

There are precious stones
 Awaiting away up in the sky
 We can make them shine
 We can make them shine
 These are precious stones
 Awaiting away up in the sky
 We can make them shine
 We can make them shine

All we need to do
 Is together start to
 Clean-off the darkness
 Hiding them from us
 And we can make them shine
 We can make them shine
 La la la, La la la
 La la la

My feelings tell me
 There are precious stones
 Awaiting away up in the sky
 My feelings tell me
 There are precious stones
 Awaiting away up in the sky

We can make them shine
 We can make them shine
 My feelings tell me
 We can make them shine
 La la la, La la la
 La la la

could brighten up our world and our eyes

→ These precious stones could brighten up our world and our eyes.

YOU ARE MY STARCLEANERS

IF YOU HARM NOTHING AT ALL
DO WHAT YOU WILL AND SHALL
TAKE A CHANCE ON BLISS
MAKE A BET ON THIS...
FIND LOVE IN YOUR SOUL
KEEPING ALL OF YOUR TRUE SELF WHOLE

CHORUS

*YOU ARE MY STARCLEANERS
CLIMBING LADDERS THROUGH THE NIGHT
REACHING OUT FOR US IN SILENCE
UNTIL EVEN THE DARK IS A PART OF THE LIGHT
UP ON THESE WIRES HIGHER AND HIGHER
RIDING ON STILTS AND BALLOONS
PLAYING YOUR PART
YOU ARE BRINGING LOVE AND PURE JOY
INTO MY HEART*

THE MORE YOU APPROACH SWEETLY
THE STONE'S REALITY
THE MORE THE WIRES RING
THE MORE THE SOAP BUBBLES SING
BEYOND THIS UNKNOWN ROOM
THAT COULD BRING US DOOM AND GLOOM

REPEAT CHORUS

AFTER A FEW MOMENTS BELIEF
YOU WILL SIGH WITH THE GREATEST RELIEF
WE DON'T NEED ALL OF THE SKY
JUST THE LITTLE UNIVERSE OFF TO THE SIDE
NOW YOU'RE LOOKING FOR IT ALL NIGHT
ALL NIGHT ALL RIGHT

CHORUS

*YOU ARE MY STARCLEANERS
CLIMBING LADDERS THROUGH THE NIGHT
REACHING OUT FOR US IN SILENCE
UNTIL EVEN THE DARK IS A PART OF THE LIGHT
UP ON THESE WIRES HIGHER AND HIGHER
RIDING ON STILTS AND BALLOONS
PLAYING YOUR PART
YOU ARE BRINGING LOVE AND PURE JOY
INTO MY HEART*

Only Dreamers Can

V

Only dreamers can
Only dreamers can
Change the dream
Only dreamers can

~~Only dreamers can~~
~~Change the dream~~
~~Change the dream~~

Chorus

Now listen to this
The same gentleness
That first wished
For this
Will never turn away

Only dreamers can
Only dreamers can
Change the dream
Only dreamers can
Only dreamers can
Change the dream

Change the dream

Only dancers can
Only dancers can
Change the dance
Only singers can
Only singers can
Change the song

Change the song

Now listen to this
The same gentleness
That first wished
For this
Will never turn away

Only dreamers can
Only dreamers can
Change the dream
Change the dream

Day Is The Name **IV**

If the sky means you
Here you are
And here you will be
If this time means me
Here I am
And here I will be

If your light needs a name
Listen now
Here's your name

Day is the name I give you
Day is the name I give you
Day is the name

If this moment is mine
Do not fear, I will shine
If your light needs a name
Listen ~~now~~ ^{now}

~~here's your name~~ ^{now}

*If the sky means you
Here you are
and here you will be*

Day is the name I give you
Day is the name I give you
Day is the name

Day is the name
I call you
Come over here
I see you
Day is the name
I give you

Day is the name
We call you
Come over here
We need you
Day is the name
I give you
Day is the name!

Bringing Home The Stars

Bb

E II
A

Tell all the world of people
We've come back far as Mars
So put out some new flowers
We're bringing home the stars
Bringing home the stars
To brighten up their hearts

Yes, we're coming on a big horse
We're doing fine so far
We're right on course, why of course
We're bringing home the stars
We're bringing home the stars
To brighten up their hearts

Now open up the new house
Open up your true heart
Put on your magic face
You know, we're bringing home the stars
Bringing home the stars
To brighten up their hearts

Circle the calendar
Light up the fireplace
We're bringing home the stars
You know, the holiday won't wait
We're bringing home the stars
To brighten up their hearts.

Baby of The Sky

Baby of the sky
Lying at my feet
I'm happy we have
This moment to meet

I wonder if you got tired holding on
Now you know you have me to depend on
And oh, you must know. . .

Breakfast will be served in a bottle by ten
Lunch will come in a bowl, son
Supper will be served by robins
Don't cry
You're going on one

My baby of the sky
So warm in my hand
How did you become
Such a little one?

Baby of the sky lighting up the dark
Can you wake the dreamer, the dreamer in my heart
And now, you must know. . .

Breakfast will be served in a bottle by ten
Lunch will come in a bowl, son
Supper will be served by robins
Don't cry
You're going on one

My baby of the sky
Lighting up the dark
Lighting up this feeling
A feeling in my heart

Can You Find The Stars Now?

EP II A

G.

Can you find the stars now?
Can you find the stars now?
I know you believe and how
But, can you find the stars now?

Can you find the starlight?
Can you find the starlight?
I know you believe tonight
But, can you find the starlight?

We will try, we will try
You know, we will do
All that, we can do
To try, to try
Is beautiful
Oh, yes

Inside, outside
This side, that side
Your side, my side
We will be true
Because
If you were us
And we were you
It's obvious
You would be too

Could they be
On the northern hemisphere?
Could they be
On the southern hemisphere?
Oh dear, I'd better get
Myself on over there
Look and see, look and see!
Look and see, look and see!

Could they be
Up in infinity?
Or way down
In oblivian?
Oh dear, I'd better get
Myself on over there
Look and see, look and see!
Look and see, look and see!

Now what about the western latitude
Or is it the western longitude?
Oh dear, I want to show my gratitude
Oh dear, my good attitude

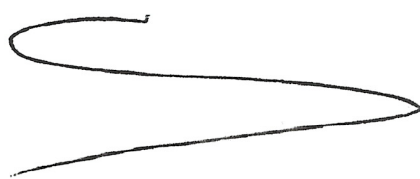

Repeat
11

There is Nothing MORE TO FIND
There is Everything TO Sing
There is Everything TO Sing
for There is Nothing more TO FIND

It is TIME FOR ME & YOU
Let the Celebration Continue
And the Wonder of Our Discoveries
Be Told

Every Heart is as Big as
The Stars

Every Star is a Big as
Your Heart

You can't lose

Is This This It is what it is

When you can Respect Everything is TRUE

You Can't lose

Just Like Always and NEVER BEFORE

When you can accept Everything you choose

You Can't lose

You Can't LOSE ...

Verse?

When you're a Star

Familiar And FAR

In your Heart What you Do

Know it - Know it - Know it

You Can't LOSE

Be A Mirror Sky

Be a mirror sky, be a voice
Be a mirror sky, be a voice
See for us if we believe in our own way
And sky
Tell us we found your light with our light
Tell us that you shine
When we shine

Maybe we are mirrors
With our own reflections
Lying soft against our skin
Maybe you are just like us
Staring at a mystery
And your faith is in
Our imagination

Be a mirror sky, be a voice
Be a mirror sky, be a voice
Be a mirror sky, be a voice
Be a mirror sky, be a voice

Show to us that we believe in our own way
And sky
Tell us how our hearts are full of clues
Tell us how our story
Could be true

Maybe we are mirrors
With our own reflections
Lying soft against our skin
Maybe you are just like us
Staring at a mystery
And your faith is in
Our imagination

Maybe we are mirrors
With our own reflections
Lying soft against our skin
Maybe you are just like us
Staring at a mystery
And your faith is in
Our imagination

The Tallest Moon

A

I'm the tallest moon
And soon my life begins
I'm the nearest light
Morning always tries to send
Oh my dear people
I live in your hand
Palace after palace
I'm in disappearing sand

I sing within a flame
My song tied to the night
The stars light up my heart
Goodnight, everyone
Goodnight.

Breathless I will wait
For the song we all can sing
To touch me and to change
My darkness into wings
Yesterday I was the clock
Today I was the sand
The truth is small compared
To what we'll understand

I sing within a flame
My song tied to the night
The stars light up my heart
Goodnight, everyone
Goodnight.

I'm the tallest moon
And now my life begins
I'm the closest light
Morning always tries to send
Yesterday I was the clock
Today I was the sand
The truth is small compared
To what we understand

I sing within a flame
Our song tied to the night
We stars light up our hearts
Goodnight, everyone
Goodnight.
